Review Report of the Independent Auditor To the Shareholders of United Fidelity Insurance Company P.S.C.

Introduction

We have reviewed the accompanying condensed interim statement of financial position of United Fidelity Insurance Company P.S.C. (the "Company") as of 31 March 2020 and the related condensed interim income statement, condensed interim statement of comprehensive income, condensed interim statement of changes in equity and condensed interim statement of cash flows for the three months period then ended and explanatory information. Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with International Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Other matter

The condensed interim financial statements for the three months ended 31 March 2019 were reviewed by another auditor who expressed an unmodified conclusion on those financial statements on 24 April 2019.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with International Accounting Standard 34 "Interim Financial Reporting".

Grant Thornton Farouk Mohamed Registration No: 86 Dubai, 5 May 2020.

1 CORPORATE INFORMATION

United Fidelity Insurance Company (Public Shareholding Company) (the "Company"), is a public shareholding company, registered in the Emirate of Ras Al Khaimah by Emiri decree No. 13/76 issued by the ruler of Ras Al Khaimah on 15 June 1976, which was amended by the Emiri decree No. 10/77 issued on 15 December 1977. The company is subject to the regulations of the UAE Federal Law No. (2) of 2015 and the UAE Federal Law No. (6) of 2007 relating to commercial companies in the UAE, and is registered in the Insurance Companies Register of Insurance Authority of U.A.E. under registration number 8.

The Company is domiciled in the United Arab Emirates and the address of the Company's registered office is P.O. Box 1010, Ras Al Khaimah, United Arab Emirates. The Company's ordinary shares are listed on Abu Dhabi Securities Exchange, United Arab Emirates.

The principal activity of the Company is the writing of all classes of general insurance. The Company operates through its Head Office in Dubai and branch offices in Abu Dhabi, Ras Al Khaimah, Sharjah and Fujairah.

The condensed interim financial statements were authorised for issue in accordance with a resolution of the directors on 5 May 2020.

2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION

The condensed interim financial statements of the Company are prepared in accordance with International Financial Reporting Standard, Interim Financial Reporting ("IAS 34") issued by the International Accounting Standards Board (IASB) and comply with the applicable requirements of the laws in the U.A.E. These condensed interim financial statements are presented in U.A.E. Dirhams (AED) since that is the currency in which the majority of the Company's transactions are determined.

The Company has not early adopted any version of IFRS 9 as the activities of the Company are predominantly connected with insurance on 31 March 2020 therefore the Company have opted for the temporary exemption from the application of IFRS 9 and defer the implementation date of IFRS 9 until 31 December 2021.

SIGNIFICANT ACCOUNTING POLICIES

These condensed interim financial statements have been prepared on historical cost basis, except for the revaluation of certain financial instruments and investment properties which are stated at fair value. Historically, cost is generally based on the fair value of the consideration given in exchange for assets.

These condensed interim financial statements do not include all the information required for full annual financial statements and should be read in conjunction with the Company's audited annual financial statements as at and for the year ended 31 December 2019. In addition, results for the three months ended 31 March 2020 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2020. The Company's insurance and financial risk management objectives and policies are consistent with those disclosed in the audited financial statements for the year ended 31 December 2019.

Notes to the condensed interim financial statements For the three months ended 31 March 2020 (Unaudited)

2 BASIS OF PREPARATION AND ACCOUNTING POLICIES (continued)

SIGNIFICANT ACCOUNTING POLICIES (continued)

New standards, interpretations and amendments

The accounting policies, critical accounting judgments and key source of estimation used in the preparation of these condensed interim financial statements are consistent with those used in the audited financial statements for the year ended 31 December 2019, except for adoption of new standards effective as of 1 January 2020. The Company has not early adopted any other standard, interpretation or amendment that has been issued but not yet effective.

Several other amendments and interpretations apply for the first time in 2020, but do not have an impact on the condensed interim financial statements of the Company.

Critical accounting estimates and judgments in applying accounting policies

The Company makes estimates and assumption that affect the reported amounts of assets and liabilities within the next financial year. Estimates and judgements are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may substantially be different.

Outstanding claims and technical provisions

The estimation of the ultimate liability (both technical and outstanding) arising from claims made under insurance contracts is the Company's most critical accounting estimate. These estimates are continually reviewed and updated, and adjustments resulting from this review are reflected in the income statement. The process relies upon the basic assumption that past experience, adjusted for the effect of current developments and likely trends (including actuarial calculations), is an appropriate basis for predicting future events.

Notes to the condensed interim financial statements For the three months ended 31 March 2020 (Unaudited)

3 SEGMENTAL INFORMATION

Identification of reportable segments

Primary segment information

For management purposes, the Company is organised into business units based on its products and services and has two reportable operating segments as follows:

- The general insurance segment, comprises property, engineering, marine, motor, medical, general accident and miscellaneous risks.
- Investment comprises financial assets at fair value through profit or loss, AFS investments, held to maturity investments, investment properties and fixed deposits.

These segments are the basis on which the Company reports its primary segment information.

Engineering, Casualty and others	9,317,456	6,140,808	
	108,931,676	58,614,886	

4 BASIC AND DILUTED EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the profit for the period by the weighted average number of shares outstanding during the period as follows:

	Three n	nonths ended 31 March (Unaudited)
	2020	2019
	AED	AED
Profit for the period (AED)	541,352	159,133
Weighted average number of shares outstanding during the period	100,000,000	100,000,000
Earnings per share (AED)	0.005	0.002

No figures for diluted earnings/loss per share are presented as the Company has not issued any instruments which would have an impact on basic earnings per share when exercised.

5 INVESTMENT PROPERTY

Investment properties represent the fair value of the properties which are located in the U.A.E.

Investment properties are stated at fair value, which has been principally determined based on valuations performed by management. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. Valuations are performed on a periodic basis, at least annually, and the fair value gains and losses are recorded in the statement of income. Fair value of the Company's investment properties are based on unobservable inputs (i.e. Level 3).

7 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, differences can arise between book values and the fair value estimates. Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to materially curtail the scale of its operation or to undertake a transaction on adverse terms.

Notes to the condensed interim financial statements For the three months ended 31 March 2020 (Unaudited)

7 FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

Valuation techniques and assumptions applied for the purposes of measuring fair value

31 March

The fair values of financial assets and financial liabilities are determined using similar valuation techniques and assumptions as used in the audited annual financial statements for the year ended 31 December 2019.

Fair value of the Company's financial assets that are measured at fair value on recurring basis.

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

15 CONTINGENCIES

Contingent liabilities

At 31 March 2020, the Company had contingent liabilities in respect of bank and other guarantees and other matters arising in the ordinary course of business from which it is anticipated that no material liabilities will arise, amounting to AED 6,650,691 (31 December 2019: AED 6,650,691).

Legal claims

The Company, in common with the significant majority of insurers, is subject to litigation in the normal course of its business. The Company, based on independent legal advice, does not believe that the outcome of these court cases will have a material impact on the Company's income or financial condition.

16 SEASONALITY OF RESULTS AND EVENTS EFFECTING THE OPERATIONS

The Company's investment income is dependent on market conditions, its investment activities and declaration of profits by investee companies, which are of a seasonal nature. Also, there was an outbreak of a global pandemic (Novel Coronavirus disease), causing significant financial and economic impact on major economies across the globe and affecting multiple industries. As at the date of approval of the financial statements, management is in the process of assessing the impact of the said event on its subsequent period's financial results. Accordingly, results for the period ended 31 March 2020 are not comparable to those relating to the comparative period, and are not indicative of the results that might be expected for the year ending 31 December 2020.
