Review report of the Independent Auditor To the Shareholders of United Fidelity Insurance Company P.S.C (formerly known as United Insurance Company)

### Introduction

We have reviewed the accompanying condensed interim statement of financial position of United Fidelity Insurance Company P.S.C. (formerly known as United Insurance Company) (the "Company") as at 30 September 2019 and the related condensed interim income statement, condensed interim statement of comprehensive income for the three months and nine months periods then ended, condensed interim statement of changes in equity and condensed interim statement of cash flows for the nine month period then ended and explanatory information. Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with International Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Other matter

The financial statements for the nine months ended 30 September 2018 and for the year ended 31 December 2018 were reviewed and audited by another auditor who expressed an unmodified conclusion and opinion on those statements on 30 October 2018 and 27 February 2019 respectively.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with International Accounting Standard 34 "Interim Financial Reporting".

### 1 CORPORATE INFORMATION

United Fidelity Insurance Company (Public Shareholding Company) (the "Company"), formerly known as United Insurance Company, is a public shareholding company, registered in the Emirate of Ras Al Khaimah by Emiri decree No. 13/76 issued by the ruler of Ras Al Khaimah on 15 June 1976, which was amended by the Emiri decree No. 10/77 issued on 15 December 1977. The Company is subject to the regulations of the UAE Federal Law No. (2) of 2015 and the UAE Federal Law No. (6) of 2007 relating to commercial companies in the UAE, and is registered in the Insurance Companies Register of Insurance Authority of U.A.E. under registration number 8.

The Company is domiciled in the United Arab Emirates and the address of the Company's registered office is P.O. Box 1010, Ras Al Khaimah, United Arab Emirates. The Company's ordinary shares are listed on Abu Dhabi Securities Exchange, United Arab Emirates.

The principal activity of the Company is the writing of all classes of general and life insurance. The Company operates through its Head Office in Dubai and branch offices in Abu Dhabi, Ras Al Khaimah, Sharjah and Fujairah.

On 4 November 2018, the Company changed its name from United Insurance Company to United Fidelity Insurance Company (PSC).

The condensed interim financial statements were authorised for issue in accordance with a resolution of the directors on 12 November 2019.

### 2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

### BASIS OF PREPARATION

The condensed interim financial statements of the Company are prepared in accordance with International Financial Reporting Standard, Interim Financial Reporting ("IAS 34") issued by the International Accounting Standards Board (IASB) and comply with the applicable requirements of the laws in the U.A.E. These condensed interim financial statements are presented in U.A.E. Dirhams (AED) since that is the currency in which the majority of the Company's transactions are determined.

The Company has not early adopted any version of IFRS 9 and the activities of the Company are predominantly connected with insurance on 30 September 2019 therefore the Company have opted for the temporary exemption from the application of IFRS 9 and defer the implementation date of IFRS 9 until 31 December 2021.

### SIGNIFICANT ACCOUNTING POLICIES

These condensed interim financial statements have been prepared on historical cost basis, except for the revaluation of certain financial instruments and investment properties which are stated at fair value. Historically, cost is generally based on the fair value of the consideration given in exchange for assets.

These condensed interim financial statements do not include all the information required for full annual financial statements and should be read in conjunction with the Company's audited annual financial statements as at and for the year ended 31 December 2018. In addition, results for the nine months ended 30 September 2019 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2019. The Company's insurance and financial risk management objectives and policies are consistent with those disclosed in the audited financial statements for the year ended 31 December 2018.

Notes to the condensed interim financial statements For the nine months period ended 30 September 2019 (Unaudited)

### 2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

### SIGNIFICANT ACCOUNTING POLICIES (continued)

### New standards, interpretations and amendments

The accounting policies, critical accounting judgments and key source of estimation used in the preparation of these condensed interim financial statements are consistent with those used in the audited financial statements for the year ended 31 December 2018, except for adoption of new standards effective as of 1 January 2019. The Company has not early adopted any other standard, interpretation or amendment that has been issued but not yet effective.

### **IFRS 16 Leases**

IFRS 16 supersedes IAS 17 Leases, IFRIC 4 Determining whether an Arrangement contains a Lease, SIC-15 Operating Leases-Incentives and SIC-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for most leases under a single onbalance sheet model.

The Company adopted IFRS 16 using the modified retrospective transition approach of adoption with the date of initial application of 1 January 2019. The Company elected to use the transition practical expedient allowing the standard to be applied only to contracts that were previously identified as leases applying IAS 17 and IFRIC 4 at the date of initial application. The Company also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option ('short-term leases'), and lease contracts for which the underlying asset is of low value ('low-value assets').

The standard did not have material impact on condensed interim financial statements as all of the Company's leases are short-term leases.

Several other amendments and interpretations apply for the first time in 2019, but do not have any material impact on the condensed interim financial statements of the Company.

### Critical accounting estimates and judgments in applying accounting policies

The Company makes estimates and assumption that affect the reported amounts of assets and liabilities within the next financial year. Estimates and judgements are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may substantially be different.

### Outstanding claims and technical provisions

The estimation of the ultimate liability (both technical and outstanding) arising from claims made under insurance contracts is the Company's most critical accounting estimate. These estimates are continually reviewed and updated, and adjustments resulting from this review are reflected in the income statement. The process relies upon the basic assumption that past experience, adjusted for the effect of current developments and likely trends (including actuarial calculations), is an appropriate basis for predicting future events.

Notes to the condensed interim financial statements For the nine months period ended 30 September 2019 (Unaudited)

### SEGMENTAL INFORMATION

### Identification of reportable segments

### Primary segment information

For management purposes, the Company is organised into business units based on its products and services and has two reportable operating segments as follows:

- The general insurance segment, comprises property, fire, marine, motor, medical, general accident and miscellaneous risks.
- Investment comprises financial assets at fair value through profit or loss, AFS investments, investment properties and fixed deposits.

These segments are the basis on which the Company reports its primary segment information.

	General insu	insurance	Investment	ent	Total

	62,441,698	44,608,465	162,526,046	97,609,487

### 4 BASIC AND DILUTED EARNINGS / (LOSS) PER SHARE

Basic earnings / (loss) per share is calculated by dividing the profit / (loss) for the period by the weighted average number of shares outstanding during the period as follows:

30 Sept	ember	Nine months ended 30 September (Unaudited)	
2019	2018	2019	2018
AED	AED	AED	AED
420,465	1,816,710	1,158,254	(1,177,387)
100,000,000	100,000,000	100,000,000	100,000,000
0.004	0.018	0.012	(0.012)
	30 Septe (Unaud 2019 AED 420,465 100,000,000	AED       AED         420,465       1,816,710         100,000,000       100,000,000	30 September (Unaudited)         30 September (Unaudited)           2019         2018           AED         AED           420,465         1,816,710           100,000,000         100,000,000           100,000,000         100,000,000

No figures for diluted earnings / (loss) per share are presented as the Company has not issued any instruments which would have an impact on profit / (loss) per share when exercised.

### 5 INVESTMENT PROPERTY

Investment properties represent the fair value of the properties which are located in the U.A.E.

Investment properties are stated at fair value, which has been principally determined based on valuations performed by management. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Valuations are performed on a periodic basis, at least annually, and the fair value gains and losses are recorded in the statement of income. Fair value of the Company's investment properties are based on unobservable inputs (i.e. Level 3).

Notes to the condensed interim financial statements For the nine months period ended 30 September 2019 (Unaudited)

### 7 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, differences can arise between book values and the fair value estimates. Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to materially curtail the scale of its operation or to undertake a transaction on adverse terms.

Valuation techniques and assumptions applied for the purposes of measuring fair value

The fair values of financial assets and financial liabilities are determined using similar valuation techniques and assumptions as used in the audited annual financial statements for the year ended 31 December 2018.

Fair value of the Company's financial assets that are measured at fair value on recurring basis.

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

Notes to the condensed interim financial statements For the nine months period ended 30 September 2019 (Unaudited)

### 7 FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

Fair value of the Company's financial assets that are measured at fair value on recurring basis (continued)

	30 September	31 December			
	2019	2018	Fair	Valuation	Significant

The Company has not recorded any impairment of amounts owed by related parties.

### 15 CONTINGENCIES

### Contingent liabilities

At 30 September 2019, the Company had contingent liabilities in respect of bank and other guarantees and other matters arising in the ordinary course of business from which it is anticipated that no material liabilities will arise, amounting to AED 5,150,691 (31 December 2018: AED 5,150,691).

### Legal claims

The Company, in common with the significant majority of insurers, is subject to litigation in the normal course of its business. The Company, based on independent legal advice, does not believe that the outcome of these court cases will have a material impact on the Company's income or financial condition.

### 16 SEASONALITY OF RESULTS

The Company's investment income is dependent on market conditions, its investment activities and declaration of profits by investee companies, which are of a seasonal nature. Accordingly, results for the period ended 30 September 2019 are not comparable to those relating to the comparative period, and are not indicative of the results that might be expected for the year ending 31 December 2019.
